### Take a few simple steps to avoid becoming a victim of burglary!!!

- Set as timer switch to turn your lights on when it gets dark—unlit houses are a give away that no one is at home
- Lock your doors, patios and downstairs windows—even when you are in. Make sure you double check them again before you go to bed
- If you have a burglar alarm, make sure you set it when you go out and also when you go to bed
- Don't leave car keys, ID cards or valuables near windows, doors or letterboxes, where burglars can reach through and steal them
- Lock your garden gates and side entrances. Don't leave tools or ladders lying around in the garden which could be used to break in to your home.
